

Department of Marketing, Quantitative Analysis & Business Law Position Announcement

Position Information

Mississippi State University invites applications for a full-time, nine-month, tenure-track Assistant/Associate Professor of Business Quantitative Analysis starting August 2020. The position involves: teaching business analytics and statistics courses at the undergraduate and/or masters levels and supporting the college's doctoral programs with courses in statistical methods and/or service on doctoral committees; conducting research and publishing in peer-reviewed academic journals; and providing appropriate service to the university, business community, and discipline.

Qualified candidates will possess an earned doctorate in a directly related field (i.e., Statistics, Business Analytics, Operations Management, Industrial Engineering, Decision Sciences) or other field with substantial graduate course work in statistics, quantitative analysis, business analytics, or management science; a desire to conduct high-quality collaborative research on statistical methodology and applications, data visualization, business analytics, analysis of large data sets, data mining, operations research, supply chain analytics, or multivariate statistics (other areas will also be considered); and an interest in teaching in the areas of undergraduate and graduate business statistics including courses in the college's business analytics minor. Note that publications in quality peer-reviewed academic journals of any business discipline will be recognized for future promotion and tenure. Interdisciplinary or collaborative research within business disciplines is encouraged. Outstanding ABDs, very near to completion, will be considered.

Preferred candidates will have a doctorate from an AACSB-accredited institution and evidence of excellent teaching skills relevant to quantitative courses for business students. Professional industry and/or practitioner outreach experience is highly desired. The normal teaching load for tenure-track faculty is two courses per semester. Exceptional candidates with strong research records may be considered at the rank of Associate Professor.

Employer Information

Mississippi State is a comprehensive university with a diverse and capable student body of over 21,000 students and is designated as an R1 Doctoral University (doctoral-degree granting) by the Carnegie Classification of Institutions. A body of energetic researchers, assisted by an effective research administration, places Mississippi State among the first one hundred universities in the nation in terms of research productivity.

Mississippi State's College of Business is the oldest college of business in the state and one of the oldest in the South. The college is housed in the renovated and expanded McCool Hall in the heart of campus and offers undergraduate degree programs in nine areas, masters programs in six areas, and doctoral programs in six areas.

The Department of Marketing, Quantitative Analysis and Business Law comprises a collegial group of faculty that deliver outstanding undergraduate programs, including a minor in business analytics, while providing service courses in business quantitative analysis, and business law for business-related majors. At the graduate level, the department offers a Ph.D. Program in marketing and delivers doctoral-level courses to support the college's doctoral programs and delivers masters-level courses to support the college's on-campus and distance MBA programs and a Business Analytics minor.
